Bookings and reservation for burial spaces are only official until payment has been made in full. Management of Leopards Hill Memorial Park reserves the right to allocate grave spaces to clients whom are fully paid.

The twin and family site burial charges are to be paid at need. There are five burial charges in the family site, each at ZMW 1,500.00 per burial/grave.

A child grave is designed to accommodate one a child under six years of age.

The at-need grave prices means the site being purchased is for immediate burial and the pre-need means a grave site(s) is being reserved for future use.

The families will be expected to pay a burial charge or burial charges for each site when they need to use any of the 5 burial sites allocated to the family site.

The lawn style areas are only allowed to lay headstones at the time of memorial or when family is ready to place remembrance stone (including the eternity twin and family lawn sites).

The family sites and the other memorial design areas are allowed to put either headstone or the full tombstones/memorial stones.

All headstones and tombstones/memorial stones are to strictly follow design guidelines as specified by management and the burial right agreement.
